## PROMINENT MEN DEAD

Judge Burke Dies at Dallas and Col. Bryan at Austin.

## BOTH OLD CITIZENS.

The Former Was Present Congressman from Sixth District and the Latter Held Many Offices of Trust and Honor.

Dallas, June 5.—Congressman Robert Emmet Burke died at his home in this city at 1:50 o'clock this morning.

During February while he was attending the session he was taken severely ill with an attack of grip and was confined to his room for several days and never completely recovered. He suffered a stroke of paralysis last Saturday night and since that time has never rallied sufficiently to give hope for his recovery.

Judge Burke was born in Tallapoosa county, Alabama, Aug. 1, 1847. He attended the common schools of Alabama and Georgia until he was 16 years old. At that time he volunteered in the Confederate service, enlisting in company D, Tenth Georgia cavalry. His regiment was assigned to Hampton's corps, Butler's division. He served until the close of the war and was at Greensborough, N. C., at the time of the surrender. He sustained one wound in battle, a slight one in the arm.

In January, 1866, he removed to Texas and located at Jefferson, Tex., where he began the study of law, teaching school in the meantime. He was admitted to the bar in 1870 and in the following year removed to Dallas, where he opened an office and began the practice of his profession.

He was a member of the city council in 1874-5; was elected county judge in 1878 and re-elected in 1880 and 1882; was elected district judge in 1888 and re-elected in 1892 without opposition. He was elected to the Fifty-fifth congress in 1896, re-elected to the Fifty-sixth congress in 1898 and the Fifty-seventh congress in 1900.

He was married at Jefferson in 1870 to Miss Mary L. Henderson, daughter of Judge J. B. Henderson. To them were born three children, Robert Emmet Jr., Albert C. and Lucile.

## Colonel Guy M. Bryan Dead.

Austin, June 5.—Colonel Guy M. Bryan died here at his boarding place. The governor has ordered the departments to remain closed today out of respect to the pioneer Texan, who will be buried at 5 o'clock this afternoon in the state cemetery.

Colonel Bryan was born Jan. 12, 1831, at Herndon, Mo. He came to Texas with his parents in 1831, locating on Pleasant bayou, in Brazoria county. He served under Lieutenant Colonel Summerville during the Texas revolutionary war, and later in the Texas volunteers against Mexico after the annexation. He served in various capacities in the Confederate war. He was a warm advocate of annexation.

Colonel Bryan served in the lower house of the Texas legislature for six years, commencing in 1847, and later was in the senate four years. He was elected to congress in 1857, representing the western district, and Judge Reagan the eastern district. Texas had then but two congressmen.

## Fell in Front of an Engine.

Sherman, Tex., June 5.—Springer C. Steele, aged 18, son of a prominent citizen of Pittsburg, Pa., is lying in a precarious condition from the effects of injuries received in the yards of Missouri, Kansas and Texas railroad near the Jones street crossing. He has made no statement, but eye witnesses say that he walked several yards and fell across the track before a switch engine, which fortunately had a low fender, and was running slowly. He was dragged a few feet before the engine was stopped. His head and especially his ears are badly lacerated and internal hurts may yet develop.

## Cursed at the Point of Guns.

Texarkana, Tex., June 5.—A negro man and woman held up a section gang on the Kansas City Southern railway south of here Monday and both cursed the foreman, a white man, in the most violent and vile manner, because a few hours before they had been ordered away from the boardingcar by the foreman. The negro man had a double barreled shotgun and the woman a 6-shooter, and both cursed the foreman until completely exhausted, the woman begging the man all the while to "shoot the lowdown white man." The section gang was composed of negroes and were covered by the pistol of the negroes.

## Second Gift to Baylor.

Waco, Tex., June 5.—George W. Carroll of Beaumont, who recently gave Baylor University \$60,000, for the purpose of erecting a building to be devoted to science, has added \$15,000 to his donation, making it \$75,000, the second

donation to be used in equipping the building for the purpose designated.

## Two Negroes Killed.

Austin, June 5.—Report have reached here of two killings near Dutch Waterhole, in the southeastern end of the county, both negroes. Charles Kelley was shot dead during a row and Dave Jackson, another negro, surrendered and is out on bond. A negro named Jural Jackson, with a bad record, was found murdered near the roadside.

## CIVIL GOVERNMENT.

On July 1 Philippines Will Be Under the New Order.

Washington, June 5.—About July 1 full civil government will be in force in the Philippines exactly as projected by the Philippine commission. As soon after that date as administrative machinery can be made ready for it, the Philippines tariff will be proclaimed. Also following the original plan formed before the decisions of the supreme court last week.

The exercise of authority in the Philippines is to be by virtue of the supreme power reposed in the president, it may be either as commander-in-chief of the United States military establishment or by reason of the special designation in the Spooner law.

The civil government is to be established under the military government and will be a civil government exercised through the military powers of the president.

The Dingley duties will be collected on imports from the Philippines. The failure of the supreme court to announce a decision in the Fourteen Diamond Rings case—the one involving the legality of the imposition of the Dingley duties on goods coming from the Philippines—is regarded as warranting the belief that the court did not find in this case a parallel to the DeLima case.

## VISITED AGUINALDO.

Guevarra Visits Him to See if He Was Really the Filipino Leader.

Manila, June 5.—Guevarra, adjutant to General Cailles, had a three hour's interview with Aguinaldo Tuesday. He said that Cailles did not believe that Aguinaldo had been captured and consequently issued a proclamation characterizing Aguinaldo's address to the Filipino people as an American trick. Aguinaldo, through Guevarra, advised Cailles to surrender immediately.

After this interview General Wade and General Sumner informed Guevarra that Cailles must notify them at Pagsanjan not later than next Monday of his decision in the matter. The American generals declined to guarantee that Cailles would not be prosecuted.

General Trias, in company with Senor Lucban, brother of the insurgent leader, still operating in Samar, has gone to Samar island and will attempt to induce Lucban to surrender.

Some of the leaders of the Federal party have prepared a resolution in which it is declared that the party will disband unless the United States civil commission reappoints several Filipino judges who have recently been removed from office. Upon the advice of the more rational party the resolution was not presented.

The wisest of the Federal leaders are convinced of the lack of wisdom in forcing discord, especially at a time when the administration at Washington is about to confer general civil government in the archipelago.

A bill has been prepared creating judicial circuits. The salaries of the circuit judges range from \$5500 to \$5500 a year. Judge Bates and Judge Ladd will probably be assigned to the circuits of Iloilo and Cebu respectively.

## MAINMAST CARRIED AWAY.

Accident to Cup Defender Constitution Off Brenton's Reef.

Newport, June 5.—The cup defender Constitution was dismantled while on her trial trip Tuesday afternoon.

The accident happened while the yacht was off Brenton's Reef lightship about three miles out from Naragansett Pier. The Constitution is badly crippled. The mainmast was broken about half way up. The boom swung to the lee side and the mainsail and rigging was carried overboard. The tender Mount Morris took the Constitution in tow.

The collapse of the Constitution's mast was much similar to the accident which befell the Columbia two years ago, not far from the same locality.

No one was hurt in the accident, although one of the mates was swept overboard. He was rescued and suffered no harm.

The topmast broke and the spreaders went to pieces, but the under part of the mast fell far enough overboard so that it did not touch the hull.

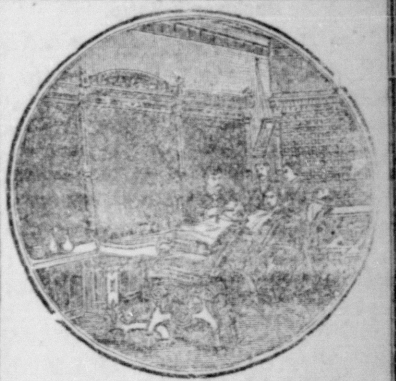

The Constitution was taken to Bristol where another steel mast is nearly finished.

The races off this port scheduled for June 15 and 17 will have to be postponed.

**QUESTION ANSWERED.**

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied that there is nothing serious the matter with you. Get Green's Prize Almanac. **MRS. M'KINLEY'S CONDITION**

She Is Somewhat Improved, but Yet Far from Recovery.

Washington, June 5.—The Brightest bulletin issued by attending physicians regarding Mrs. McKinley's condition since the return to Washington was given out after a consultation this morning. It reported her "general condition is somewhat improved," but remarked it held out nothing definite for the future. Mrs. McKinley has been unable to take solid food, although it has not been necessary to resort to the powerful heart stimulants like nitroglycerin since the return to Washington. Brandy is administered. Raw eggs and chicken broth are food.

**ATTEMPT TO ESCAPE.**

Policeman Killed and One of the Prisoners Seriously Wounded.

Toronto, June 5.—As Frank Rutledge, Fred Rice and Frank Jones, three alleged bank burglars extradited from Chicago and on trial here for robbery of a private bank at Aurora, were being transferred from the courtroom to the jail Tuesday night an effort was made to escape. In the cab were Police Officers Boyd and Stewart. The three prisoners were handcuffed together. When the rig was approaching the jail an unknown person threw three loaded revolvers into the cab. Jones grabbed one of the pistols and shot and killed Officer Boyd. Officer Stewart opened fire on Jones, shooting him in the arm and groin.

The prisoners leaped from the cab, boarded a passing electric car and ordered the motorman to proceed faster. The latter removed the starting lever from the front of the car and struck Rutledge over the head, while the conductor threw off the trolley pole from the wire bringing the car to a standstill. The men were overpowered. Jones will lose his arm if he recovers.

**SITUATION CRITICAL.**

Excitement in Spain Is Intense and the Worst Feared.

Madrid, June 5.—The situation now throughout Spain is critical. Normal tranquility has been restored at Corunna but the Octroi officers are still occupied by gendarmes, and arrests continue to be made. A general strike is threatened owing, it is said, to the refusal of one factory to employ 300 workmen. The railway men have struck at Vigo, and anarchist excitement is rife in Barcelona where the "reds" met in defiance of civil governor's prohibition and passed secret resolutions.

Senor Gamazo, leader of the dissidents Liberals in an interview characterized the crisis as an exceedingly grave moment for Spain, adding: "The government must act with great energy with regard to the Catalan and Separatist movement to prevent the evil from being irremediable."

**Immense Packing Plant.**

Chicago, June 5.—Swift & Co. are contemplating the erection of a big packing house near Fort Worth, Tex., that will cost in the neighborhood of \$1,300,000 and be one of the most modern plants in the country.

**Fort Worth Citizens Jubilant.**

Fort Worth, Tex., June 5.—The citizens are jubilant over the information from Chicago to the effect that the Swifts made a statement that they will expend \$1,300,000 in a packing house plant located at Fort Worth. The message stated the Swifts had under consideration the advisability of establishing a packing plant here for some time. A conference held between Mr. Armour and Messrs. Niles & Simpson, owners of the Fort Worth Packing and Provision company in Chicago spurred the Swifts to speedy action. The telegram further states that two representatives of the Swifts were sent to Texas to study the packing house situation and that reports received at Chicago headquarters were satisfactory, hence the decision here announced. The people here are anxiously awaiting confirmation of the telegraphic report.

**Farmer Robbed.**

Alto Pass, Ills., June 6.—News has reached here of another robbery out in the country west of town. William Crips, the victim of this, the fourth robbery here within a few days, was relieved of \$100. The farmers in that section and the merchants here in town are greatly agitated and are trying hard to run down the thieves.

Daylight yesterday morning revealed that the fire in the Stoddard building was quite as destructive as it seemed in the smoke and shadows of the night. Jake Wymola, when seen by the reporter, said he was unable to give an estimate of his losses, and did not know the origin of the fire. He had \$2500 insurance on his stock and fixtures, and lost his fixtures and case goods. Beyond blackened walls, partially burned floors, smashed skylight in the photograph gallery above, and a general soaking from torrents of water, the building was uninjured. The damage to the building is estimated at \$500, fully covered by insurance. The Eagle cannot refrain from again complimenting the fire boys on their good work and the waterworks people on the good pressure they gave. Without these favorable conditions, a great destruction of adjoining property would doubtless have resulted. Ed Poehila, who had recently moved his sausage stand to the C. W. & B. V. saloon, was also burned out.

John Windsor was here yesterday from Madison county and reported that the people of his part of the county are very much interested in the boll weevil question and will hold a meeting at Bundick Prairie Friday night to discuss the question and endeavor to devise means to get rid of the pest. Mr. Windsor got all the information he could on the subject including Prof. Mally's speeches.

Dean Hearne has returned from St. Louis, having graduated as an optician and watchmaker from the St. Louis Watchmaker's school, where he spent several months in study and practice. The Eagle congratulates Mr. Hearne on the pair of diplomas he has earned, having received one on each branch of work.

## JONES WILL NOT TALK

Will Give No Testimony in the Rice Will Cases.

## HE SAYS HE IS SICK.

Three Attempts Have Been Made to Get His Testimony, but Each Time He Said He Was Not Strong Enough for It.

New York, June 5.—Another fruitless attempt has been made by the lawyers interested in the wills purporting to have been drawn by William Marsh Rice to take the testimony of Valet Jones, who is now in a private hospital at Forty-fifth street. Jones, who is said to be suffering from ulceration of the stomach and in a very nervous condition, has been in the hospital for about six weeks under guard.

On the application of the attorneys for Captain Baker of Texas, who is the executor under both wills, Surrogate Thomas on May 13 granted an order for taking his testimony before Edward B. Whitney as referee in case he should be able to appear before the surrogate.

Three attempts have been made to examine Jones, but he has caused them to be postponed on the plea that he was not strong enough to answer questions. The attorneys representing the various interests involved again gathered in the sick chamber, but Jones told his counsel, George Gordon Battle, that he felt he was unable to go on.

## CONSUMPTIVES BARRED.

Hereafter All Such Immigrants Must Return to Their Native Land.

New York, June 5.—The order of Superintendent of Immigration T. V. Powderly, received by Thomas Fitchie, the commissioner for this port, that tuberculosis of the lungs is to be considered a dangerous, contagious disease, is expected to result in a large decrease in the number admitted to this country.

Heretofore immigrants having tuberculosis of the lungs have been admitted unless the disease was in an advanced stage. The new ruling makes the deportation of all immigrants having tuberculosis of the lungs compulsory. It will necessitate a more strict examination for the disease by the surgeons.

## GOLD-MEDAL

highest award to HARPER whiskey at Paris, 1900; Chicago, 1893, New Orleans, 1885. Good as gold anywhere, any time. We'd like your expert opinion. Sold by J. L. HEARNE, : : Bryan, Texas.

Ellis island, and the "steamship" companies will have to make examinations in Europe before accepting steerage passengers.

## To Repair the Constitution.

Newport, R. I., June 5.—The yacht Constitution has been taken the Herreshoff works at Bristol to undergo repairs of the damage wrought by the collapse of her steel mast while on a trial spin outside the harbor Tuesday. Considerable rigging trailed along over the port rail as the Constitution started and the big steel boom gave her a decided list to port.

## Acts of a Demented Man.

Beaverton, Mich., June 5.—Will Arnell shot and killed his 6-year-old daughter, fatally wounded his wife and shot at his sister and Mrs. Dopp, who were in the house, when Mrs. Dopp's husband fatally wounded him with a charge from a shotgun. Arnell is believed to have suddenly become demented.

## Edward Kimball Dying.

Chicago, June 5.—Edward Kimball, noted for his long service in paying off church debts, and who is credited with having converted Dwight L. Moody, is dying at the home of his son, Dr. Kimball, in this city. Mr. Kimball is 78 years old. It is said he procured funds to pay off \$15,000,000 church indebtedness.

## Five Fishing Boats Lost.

Saint Cruz, France, June 5.—Five fishing boats which went on a fishing cruise in the Island of Waters have been missing for two months and are now believed to have foundered in the gale on April 6. Their entire crews, numbering 117 men, are supposed to have perished. There is general mourning here and in neighboring villages.

## Run Out of Business.

New York, June 5.—According to Charles H. Treat, collector of internal revenue for the second district, more than 100 bucket shops have been driven out of business by restrictions imposed on them in the amended war revenue bill passed last March while those that still exist in the city, have materially changed their methods of business.

## Father Phillips Not Poisoned.

New York, June 5.—The report of G. A. Ferguson, the analytical chemist who made an examination of the stomach of Rev. E. S. Phillips of Hazleton, Pa., who was found dead in the apartments of "Dr." Kirke Stanley three weeks ago, shows Father Phillips was not poisoned.
